

Directions to Tyler Consolidated High School

Google, Yahoo, Mapquest, and Maps.com all gave different variations on directions to Tyler Consolidated High School. None of them gave the most direct route, so here are the directions as I remember them. It's actually pretty easy, but my mileage figures are approximations.

-MSP

- Take **I-79 South** to the Clarksburg/Bridgeport exit (about 35 miles)
- Turn **RIGHT** onto **Route 50 West** towards Clarksburg
- Stay on **Route 50 West** (about 20-25 miles)
- From Route 50, look for the intersection with **Route 18 North** in West Union (on the right)
- Stay on **Route 18 North** (about 20-25 miles)
- Tyler Consolidated High Schools is about 8 miles **BEFORE** Sistersville, so if you make it all the way to the Ohio River, you've gone too far. The school will be across a creek on your left and is very easily seen from Route 18.
- The entire trip will take a little under two hours by car. By bus it usually takes a little over two hours.
